

DRAWUP GENERAL PLAYBOOK

FIRMWIDE STARTER STANDARDS

A customizable starter reference for drawing production and project coordination.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

INTRODUCTION

Purpose, how to use, accountability

A living reference for consistent drawing production. Project contracts, applicable codes and professional judgment take precedence.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

ORGANIZATION

Roles and approvals

Identify firm administrators, project managers, discipline leads, QA/QC reviewers and drawing owners. Record approval responsibilities.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

PROJECT DELIVERY

Project startup and file management

Define project number, naming, shared files, consultant exchanges, milestones and communication records.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

DESIGN PHASES

SD / DD / CD / Permit

Set stage deliverables and drawing maturity expectations. Track missing sheets and unresolved coordination issues.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

DOCUMENTATION STANDARDS

Sheet setup and drafting

Use consistent plotted text sizes, line weights, annotation rules, titleblocks, graphic scales and sheet indexes.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

BIM AND CAD

Models, layers and exports

Define model ownership, linked files, drawing view templates, export mapping and coordination checks.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

RENDERING & 3D

Holograms and technical visualization

Separate conceptual exploded 3D learning views from verified assembly geometry. Label assumptions.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

QUALITY ASSURANCE

Reviews and markups

Record review milestone, author, sheet, issue, action, responsible party and disposition.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

PROJECT MANAGEMENT

Consultants, AHJ and CA

Log meeting packages, consultant questions, AHJ issues, submittals, RFIs and closeout.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

DETAIL LIBRARY

DrawUp 2D / DrawUp 3D / My 3D / Firm

Keep public and proprietary details distinct. Verify construction assembly dimensions and conditions before project use.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

DRAWUP READY

Drawing production and revisions

Reuse approved titleblocks, preserve sheet dimensions and generate proposed revisions for architect review.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required

FIRM CUSTOMIZATION

Override and fallback rules

Firm-approved selections override DrawUp General. Missing selections retain DrawUp General and remain clearly labeled.

DRAWUP GENERAL • Editable starter reference • Project-specific verification required
